Subject: RE: PFAS Site Updates

I'm on these because I'm Joe's backup for PFAS.

Aaron

Hey, guys, see below. Did Joe accidentally copy Aaron, thinking he is the RPM? Or was Aaron copied for a different reason?

William A. Geiger

Jill,

Blades SF Site: The RPM has been working with the OSC to install background monitoring wells at Blades. Access agreements were sent out to a private property owner and the School District. EPA met with the property owners and has received access for this work. One of the first activities EPA is planning on doing as part of the RI/FS is sampling residential wells for PFAS, and other contaminants. In preparation for this, we will install these background wells and sample prior to sampling domestic wells. This sampling data will provide a basis to compare the residential well results to.

Subject: RE: PFAS Site Updates

Good Afternoon!

I will be taking over this meeting for the next few months. Unfortunately, both Laura and I have conflicts, so we will need to cancel this one. In lieu of the meeting, please send me any updates you have by Tuesday at noon, so I can be prepared for my first meeting with Diana/Paul!!

Thanks,

Jill

Subject: PFAS Site Updates

When: Tuesday, January 26, 2021 10:00 AM-10:30 AM (UTC-05:00) Eastern Time (US & Canada).

Where: Microsoft Teams Meeting

As discussed this meeting series will replace the 'New PFAS Sites' Meeting. A standing agenda is below; our primary objective will be to discuss information to feed the bi-weekly reporting meeting to the DRA (held on the Wednesday after this meeting).

If you do not have any items to report, please decline and let me know. If you can't make this meeting, please be sure to send any written updates to Laura and Micka or delegate your attendance to someone else. This meeting is now also expanded to include the staff PFAS reporting leads.

Standing Agenda:

- Prep for PFC Forecasting
- Ongoing PFAS Site Updates
- New Sites

- State Engagement Activities
 - HQ Policy Updates
-
